

On another front, planning for the 2011 Australian National Championships is getting seriously into gear. This is going to be run as the main event in the 2011 Sydney Royal Easter Show Flyball programme, and it should be a corker (details in a separate article).

We've had two years to iron out some of the bugs involved in running major Flyball events at the Show – past organisers of Show events know just what that means – and, although it's not perfect, we believe we have a system that works. The challenge for us is going to be how to accommodate the big increase in team numbers that we expect in the relatively cramped Showgrounds. They aren't that small really, but it's amazing just how much room 50,000 – 100,000 people and their entertainment take up. But the challenges aren't all ours - the biggest problem for teams from out-of-town is accommodation – Sydney at Easter Show time has the 'House Full' signs well & truly up – so if you're thinking of coming, I strongly recommend you get your accommodation sorted out now!

Richard Mellon,
NSW Representative,
July 2010.

2011 National Flyball Championships – Sydney Royal Show

The event format for the 2011 Nationals has been submitted to the AFA Committee for approval.

We are proposing a two day Nationals Championship on Good Friday and Easter Saturday the 22nd and 23rd April 2011. Racing will be the normal round robin format plus we will be holding a Champions Trophy elimination for all Division winners.

The main Nationals will be followed by a Veterans National Championship to be held on Easter Sunday the 24th April. Rules for Veterans racing are available on the AFA Web site and dogs must be 7 years of age to compete and all teams jump at 7 inches. To ensure fair racing the nominated teams will be split into Divisions based on seed times. If necessary we will also apply handicap Rules. Dogs in veterans teams do not have to be from the same Club.

In the second ring on the Sunday we will also run an unofficial Singles and Pairs competition. The Rules for Singles and Pairs will be available on this site quite shortly.

NSW

The RAS are also in the process of considering a possible Main Arena Flyball Demonstration in the early evening of Easter Sunday. If this is approved we will consider how best to select dogs for the demonstration so that all those who have suitable dogs and want to take part have a chance of selection.

As well as the Competitions the RAS have asked us to take part in the Dog Demonstrations activities on the first weekend of the Show and on Easter Monday. More about Demos and how to indicate interest as we get closer to the 2011 Nationals.

The various events at Sydney Royal are a great exposure for the sport of flyball – with literally thousands of people as spectators at the Overflow when ever flyball is running.

Put the dates for the 2011 Nationals in your diary NOW and we will see you in Sydney.

The 2011 Nationals are being organised by a consortium of Sydney based Clubs - the Sydney Flyball Associates.
