

AUSTRALIAN FLYBALL CHAMPIONSHIPS

SYDNEY 2009

Remember to send your dog profiles

Are you planning to attend the 2009 Australian Flyball Championships? Yes? Then Norwest Thunderdogs needs you to send them a photo of your dog and email them your dog profile. Why?

Because Norwest will include it in their full colour Nationals catalogue. It doesn't matter if you don't know which team you will be competing with, Norwest will just match your profile to your Club's entry form. Norwest is expecting up to 300 dogs competing at the Nationals so want to give you as much notice as possible. This will also assist them with the planning of the catalogue.

Please answer the questions listed below and send with one photo of your dog (as an attachment) to:

flyballisfun@netspace.net.au

Deadline for receiving profile: Tuesday, 4 August 2009

Please note: the email address you send the profile information from will be the corresponding email address Norwest will use should they be required to contact you.

Profile questions

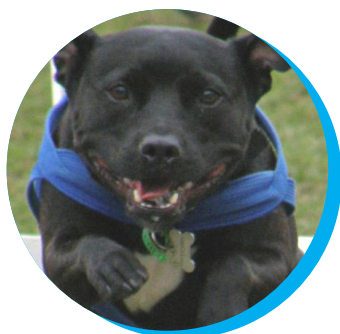

CRN:	Age:
Name:	Title:
