

NOTICE TO ALL FLYBALL CLUB COORDINATORS.

The AFA would like to request that you bring the following two matters to the attention of your Club:

First the AFA has received a request from the Wodonga Show Society enquiring as to the possibility of getting a flyball competition or demonstrations at their Show in 2012. The Show date is Saturday the 17th March 2012. The local Albury/Wodonga Flyball Club have advised the Show Society that they are not currently active in flyball so are unable to help. The AFA Committee resolved to circulate the request to all Flyball Clubs to see if any Club is interested in organising a flyball event (Competition or Demonstration) at the Wodonga Show in 2012. Any expressions of interest should be sent to the AFA Secretary.

Second point of clarification relates to how Competition Secretaries are to deal with signatures on electronic entries to competitions. The purpose of requiring the entry to be signed is to ensure that the team is in agreement to complying with the Rules and conditions of the event. With the growth in electronic entries the AFA has determined that where a signed hard copy entry is not submitted it is acceptable to accept the soft copy PROVIDED a copy of the accompanying email notice showing the submitting members details is also retained and filed with the soft copy entry. Club coordinators are asked to ensure that members who normally act as Competition organisers/Secretaries within the Club are advised of this requirement.
