Without these people our competition would not be possible. We would also like to thank Josh for his assistance with the running order and division splits.

Thank you also to Frankston Dog Obedience Club for all their support and to Kim and team for the wonderful menu they have prepared.

Rules

This is an AFA sanctioned event and will be run in accordance with the ***Rules and Policies of the Australian Flyball Association Inc.***

This competition will use the 'Count Back Rule'

Count back based first on head to head RACE wins during competition (where more than two teams are tied, the count back for each team shall be the total RACE wins scored against all the teams that are tied (the combined number of wins)); If two teams are still even – then the fastest heat time head to head decides the winner.

Innordic StrongJoint - Canine

StrongJoint Canine is a powerful all-natural joint product with high levels of bio absorbable ingredients mixed with the latest in high end Joint relief product – ArctiFlex Glucosamine.

StrongJoint will add to the well being and quality of life for dogs used in all types of work and recreation.

Dogs suffering from age related joint problems adds security towards lasting and consistent performance levels. Strong Joint can increase the quality of life for dogs with high activity and especially in older dogs. It may also assist in the prevention of joint disease in younger active dogs.

Greyhound Trainer Dallis Massina has been using Strong Joint Canine for 3 months and can't believe how well her dogs look. "Their coats are like mirrors and they carry unbelievable muscle tone!. I have two dogs on Strong Joint and since they have been on it, both have won. One dog in particular, Rirtakki, could only race every 3 weeks due to muscle soreness, but now we can race him

weekly and he has no soreness or joint lameness. I can't recommend Strong Joint highly enough."

If you require further information on this product, contact Sharni Officer on 0498 999 409, Innordic Australia.
