

## **2021 FLYBALL NATIONAL CHAMPIONSHIPS**

### **Call for Expressions of interest in hosting 2021 National Championships.**

The AFA Committee would like to invite interested Clubs to submit expressions of interest regarding hosting the 2021 National Championships. Attention is drawn to AFA Guideline No.13 which sets out information to be taken into account when preparing a submission re the hosting of championships.

Interested Clubs should include in their bid's indication of the planned dates (either in specific terms or by indicating a broader time span, such as within the period of the September school holidays) and identify the proposed venue. The venue must be capable of holding two or preferably three Flyball rings with a preferred run back of at least 65 feet plus a suitable cabana area.

If it is intended to combine the Nationals with another event, such as an Agricultural Show, this should be indicated in the bid.

Indication should be provided as to the planned duration of the Championships – 2 or 3 days and what activity is envisaged on each day.

An early assessment of available accommodation options at, or in proximity to the nominated venue, should be included.

Submissions should be lodged with the AFA Secretary by email by no later than end March 2020 so that they can be considered at the AFA April Committee Meeting.

B.Lindsay (AFA Secretary).
