

Call for expressions of interest in hosting the AFA 2023 National Championships

The AFA Committee is now calling for expressions of interest in hosting the 2023 National Championship.

Expressions may be from one affiliated club or from a consortium of Clubs.

Prior to preparing a submission it is suggested that Clubs review the AFA Guideline document on the AFA Website dealing with hosting the Nationals.

This document is currently being updated. The latest version should be available on the web by early June.

There are a number of changes involved and the May Committee Meeting minutes, under the Rules Sub Committee item, will provide Clubs with an understanding of the changes which will be reflected in the updated document.

Expressions should be submitted to the AFA Secretary by email by no later than end June 2022.

Brian Lindsay (AFA Secretary).
