

NOTIFICATION # 6 - AFA Regional Representatives Responsibilities.

The AFA Committee would like to remind all Club Co-ordinators that one of the duties and responsibilities of each Regional Representative is the approval of competition formats, competition schedules and division splits for competitions in your State. The Regional Representative is also the initial point of contact with the AFA for any queries you might have regarding any AFA matter, including issues related to AFA Rules or Policies. If the AFA Representative does not know the answer they will submit the matter to the AFA for decision.

Can we please request that all Club Co-ordinators remind their Club members, and in particular likely competition organisers of the role of the Regional Representative in approving Competition details.

There is a full statement of the role of the Regional representative on the AFA Web site under the heading AFA Officials.

Email contacts for each Regional Reps are:
